

The Refurb Warehouse in conjunction with the FNA society in Bloemfontein had a FNA awareness day about general waste, E-Waste and Security in this area. This was all to run together with the National Clean-up and Recycling Week. The Refurb Warehouse collected 562.27kg of E-Waste on this day, 20 September 2014. Thank you to everybody who contributed to this day.

The day was a huge success.
